

Our Core Values

Each of these values plays a crucial role in ensuring that insurance investigations are conducted effectively and ethically.

Core Value	Description
Integrity	Adhering to ethical standards and ensuring honesty in reporting and findings.
Objectives	Maintaining impartiality and avoiding bias in the investigation process.
Thoroughness	Conducting comprehensive and detailed 360 degree investigations to ensure all relevant facts are considered.
Confidentiality	Protecting the privacy of all parties involved and handling sensitive information with discretion.
Accuracy	Ensuring that all information and findings are precise and correctly represented.
Compliance	Adhering to legal, regulatory, and company standards throughout the investigation.
Professionalism	Demonstrating respect, competence, and ethical behavior in all interactions.
Accountability	Taking responsibility for one's actions and decisions during the investigation process.
Transparency	Clearly communicating findings and processes to relevant stakeholders.
Timeliness/TAT	Conducting investigations efficiently and delivering results in a reasonable timeframe/TAT.
To be Vigilant	Always to be alert and watchful, especially for potential danger or difficulties including being attentive and cautious, often to ensure safety.
Expertise	Emphasis on the team's experience and skills in insurance investigations.
Innovation	Use of advanced technology and techniques to uncover the truth.
